

MUSHROOMS FROM SUMMER FORAY #2

Amanita ceciliae	Strangulated Amanita
Amanita fulva	Tawny Grisette
Amanita muscaria var formosa	Yellow-orange Fly Agaric
Amanita rubescens	The Blusher
Amanita sinicoflava	Mandarin Yellow Ringless Amanita
Amanita virosa	Destroying Angel
Collybia dryophila = Gymnopus dryophilus	Oak-loving Collybia
Cortinarius alboviolaceus	Silvery-violet Cort
Cortinarius armillatus	Bracelet Cort
Cortinarius delibutus	Yellow Webcap
Cortinarius iodes	Viscid Violet Cort
Entoloma abortivum	Aborted Entoloma [mushroom]
Entoloma abortivum	Aborted Entoloma [aborted form]
Entoloma species	
Flammulina velutipes	Winter mushroom; Velvet shank
Gymnopilus "penetrans"	Little Gym
Gymnopilus species	
Hygrocybe laeta	Slippery Skunk Waxy Cap
Hygrocybe marginata var concolor	Orange-gilled Waxy Cap
Hypholoma sublateritium	Brick tops
Inocybe geophylla	White Fiber Hat
Laccaria ochropurpurea	Purple-gilled Laccaria
Laccaria laccata	Common Laccaria
Lactarius camphoratus	Aromatic Milky
Lactarius chrysorheus	
Lactarius deterrimus	Spruce Saffron Lactarius
Lactarius lignyotus	Chocolate Milky
Lactarius subpurpureus	Variegated Milky
Lactarius vinaceorufescens	Yellow Latex Milky
Macrolepiota "procera"	Parasol
Nolanea murrarii	Yellow Unicorn
Panellus stipticus	Luminescent Panellus
Pleurotus ostreatus [group]	Oyster Mushrooms
Pluteus "granularis"	
Pholiota squarrosa	Scaly Pholiota
Psathyrella delineata	
Russula variata	Variable Russula
Stropharia hardii	Hard's Stropharia
Xerula furfuracea	Rooted Collybia
Xerula species	
Climacodon septentrionale	Northern Tooth
Hericium americanum	Bear's-head Tooth
Hericium coralloides	Comb tooth

Boletus edulis	King bolete; Porcini
Boletus "rubropunctus"	
Gyrodon merulioides	Ash-tree Bolete
Leccinum atrostipitatum	Dark-stalked Leccinum
Suillus grannulatus	Granulated Slippery Jack
Suillus pictus = spraquei	Painted Suillus
Tylopius "badiceps"	
Ganoderma tsugae	Hemlock Varnish shelf
Grifola frondosa	Hen-of-the-woods; Maitake
Laetiporus sulphureus	Sulphur Shelf
Polyporus radicans	Rooting Polypore
Pycnoporus cinnabarinus	Cinnabar-red Polypore
Trametes versicolor	Turkey tail
Tyromyces caesius = Oligoporus caesius	Cheese polypore
Clavaria vermicularis	White Worm Coral
Ramariopsis kunzei	White Coral
Bovista species	"Tumbling Puffball"
Calvatia cyathiformis	Purple-spored Puffball
Lycoperdon pyriforme	Pear-shaped puffball
Lycoperdon perlatum	Gem-studded puffball
Scleroderma citrinum	Poison Pig-skin puffball
Hypomyces lactifluorum	Lobster mushroom
Xylaria polymorpha [group]	Dead man's fingers
Chlorociboria aeruginascens	Blue Stain
Leotia lubrica	Jelly baby
Syzygospora mycetophila	Collybia Jelly
Stereum species	
A couple Tricholoma species	
A species of Agaricus found in woods	
A plate full of assorted un-named Russula species	
A plate or 2 of assorted un-named waxy caps	
2-4 species of un-named corts	
2-3 species of un-named Leccinum	

"species" - species name in quotes means that this is what we Identified it as ... knowing that further microscopic exam and/or chemical testing might prove it to be a closely related species.
